  - Languages used: **C++**
  - Description: Recreation of retro offline games like Google Dino and Snake, with unique twists including different visual effects and UI, while preserving the original game mechanics.
  - GitHub Link

EXPERIENCE

- **NGO SAMARPAN FOUNDATION**
  - In class XII, I participated in a crowdfunding campaign where we raised funds for providing hygiene kits costing rupees 300 each to under privileged girls and women in NCR. The event was coordinated by NGO Samarpan Foundation and was hosted on the web platform Fuel a Dream. Our initial goal for class XII was to collect 12000 rupees but we surpassed it and our total collection was 3,92,777 rupees. I was awarded the first prize for collecting 34,400 rupees.
- **TedXMun Society SIT Pune**
  EVENT LEAD
  - Had the opportunity to lead a debate event for the club which was a success
